

EU citizenship by investment in Austria

About the program

Article 10(6) of the current Citizenship Law provides for the possibility of acquiring passport of Austria by investment. Considerable investments in the Austrian economy contribute to granting citizenship on an exceptional basis. The investment is possible to an existing business or establishment of new companies capable of providing 5 jobs or increase exports sales. Purchasing government bonds or property are passive investment and do not provide the right of participation in the program. After capital investment the applicant receives residence permit in Austria for the whole family.

- Participants in the Austrian public investment program are wealthy people, investors and entrepreneurs. Economic investments ensure the accelerated acquisition of the second EU passport and freedom of movement with visa-free.

Why the passport of Austria attracts investors

EU passports for family

Citizenship by investment is available for the investor, his spouse and children under the age of 18 years.

Business opportunities

Stable economy and state support of entrepreneurs in Austria contribute to business development.

Visa-free trips

Austrian passport allows you to travel to 116 countries worldwide visa-free.

Absence of tax obligations

Taxation is applied only to those citizens who have chosen Austria as their main residence country.

Safety of capital

Holders of the passport of Austria have access to Swiss and other European banks, for safe-keeping and outflows of financial means.

Better education for children

Austrian citizenship gives the right to study in any country of EU and Switzerland.

Possible investment options

The Government of Austria considers each application for economic citizenship on an individual basis. The required investment amount, as in the state programs of Romania, Malta and Cyprus, is not set. Higher investment in the Austrian economy can influence the adoption of a positive decision by the Austrian government.

Establishment of new company in Austria

The investor has to register his own company on Austrian territory with a minimum authorized capital of

10,000,000 euros

Invested funds can bring additional income.

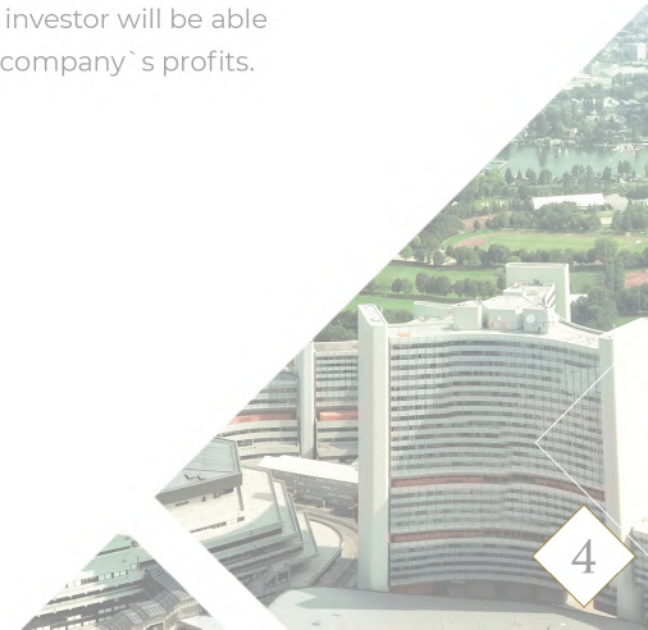

Investment to existing Austrian business

The investor is required to buy shares of the existing Austrian enterprise. Becoming a co-owner of business, you should invest more than

10,000,000 euros

in the development of the company. As a shareholder, the investor will be able to claim part of the company`s profits.

*Additional Government fees for any investment option is
500,000 euros.

Official governmental investment program

→ Large investments in the Austrian economy contribute to the acquisition of the EU passport.

The Austrian government rapidly assigns citizenship to investors who are of particular interest to the state in view of their contribution.

Step-by-step procedure of citizenship by investment processing

01

Establishment of new company or purchasing shares of the existing business

Terms: up to 3 months

Only applicants with an impeccable reputation are allowed to participate in the Austrian investment program. After passing the due diligence checks, the investor must make a significant financial contribution to the development of the state economy.

For that, you must become a co-owner
of an existing business

or

establish your own company in Austria
and make major economic investments.

03

The introduction of new technologies and creation of 5 jobs for nationals

Terms: up to 2 months

Under the conditions of the Austrian governmental program, the company of the investor is obliged

to officially employ
at least 5 Austrian citizens

and

use innovative technologies
in its activities.

Before buying stocks of an existing company, or registering a new business, you should study the information on the Austrian business environment.

04

Obtaining residence permit

Terms: up to 1 month

Having a business in Austria and making investments allows the investor and his family to obtain a special residence permit. Resident cards are issued after confirming

- the reliable reputation of all applicants with clear certificate of criminal record,
- and a detailed CV and recommendations on previous jobs.

The set of documents must be translated into German and submitted to the Austrian Migration Service.

05

Acquiring EU passport

Terms: over 12 months

After processing the Austrian residence permit, the investor can apply for citizenship for himself, minor children and spouse. For children over 18 years of age, a separate application is required, which is submitted in conjunction with the main one. Thus, the minimum investment threshold for the investor increases. After considering the application and thorough verification of the personal data of the investor, the government makes a decision. In case of approval, the investor and his family receive EU passports. Following Austrian laws on the confidentiality of information, the fact of granting the status of an Austrian citizen is not officially disclosed and is not published.

Required set of documents
